## OBJECTIVE

Detail-oriented and highly motivated Computer Science graduate with over 2 years of hands-on experience in modern web development using .NET, Angular, and React. Expert in **Clean Architecture**, **Microservices**, and **DDD**. Proven track record in building scalable, multi-tenant systems and high-performance libraries. Passionate about DevOps and building maintainable, enterprise-grade applications.

## EXPERIENCE

**.NET Developer | Tharawat for Financial Services & Investment** 07/2025 - Present

- Orchestrated modular .NET Web API frameworks adhering to **Clean Architecture**, reducing code duplication by 40%.
- Implemented **RESTful** and **GraphQL** APIs, increasing test coverage to 90% using Swagger and Postman.
- Utilized **SOLID** principles and design patterns to boost maintainability and reduce refactoring by 35%.
- Managed project lifecycle and CI/CD pipelines using **Azure DevOps**, implementing automated validation and quality gates.

.NET 8 GraphQL Clean Architecture Azure DevOps SOLID

**Full Stack Developer | RTS (Real-Time Solutions)** Project-Based

- Noqtah POS (noqtah.net)**: Developed a high-performance POS system using **.NET 7** and **EF Core** with a robust **Multi-tenant Architecture**. Integrated automated workflows via **Azure DevOps**.
- Jood Platform (jood-stage.rts-ye.com)**: Built a donation and service management platform using **.NET 5** and **ADO.NET** for high-efficiency data operations. Integrated **Hangfire** for complex background tasks and scheduled notifications.

.NET 7 EF Core Multi-tenancy ADO.NET Hangfire React Azure DevOps

**Software Engineer | Tabsera Foundation** 11/2024 - 11/2025

- Applied RESTful principles using **Django REST framework**, achieving 90% test coverage.
- Built responsive, well-structured frontend components using **React**.

## NUGET PACKAGES

### OnMapper

[View on NuGet](#)

A high-performance, lightweight object mapper for .NET. Features **optimized reflection with caching**, support for nested complex hierarchies, and a fully asynchronous API. Implements the Result pattern for robust error handling.

### OnTube

[View on NuGet](#)

An interface library for .NET 6.0+ that simplifies YouTube video-to-audio conversion and downloading across various resolutions.

## KEY PROJECTS

### E-commerce Platform

[GitHub Repo](#)

- Designed a **Microservices Architecture** using **Domain Driven Design (DDD)** principles.
- Implemented **Vertical Slice Architecture (VSA)** and Clean Architecture for individual services.
- Used **Ocelot API Gateway** and **Azure Service Bus** for inter-service communication and event-driven messaging.
- Integrated **Stripe** for secure global payment processing.

[Microservices](#)[DDD](#)[VSA](#)[Azure Service Bus](#)[RabbitMQ](#)[Stripe](#)

### Mansory Platform

[mansooriplatform.com](#)

- Full-stack platform delivering high-performance content delivery.
- Integrated a **custom AI chatbot** via **Easy-Peasy API**, trained on proprietary Mansory data for automated support.
- Containerized the entire application ecosystem using **Docker**.
- Implemented automated deployment and hosting on **Hostinger** using custom image registries.

[Docker](#)[Hostinger](#)[Next.js](#)[ASP.NET Core](#)[AI Integration](#)

## Malabi App (Sports Booking)

[GitHub Repo](#)

- Flutter-based mobile application for booking private and public sports stadiums.
- Frontend: Implemented clean separation with **GetX** for state management and MVC architecture.
- Backend: Scalable **.NET 8** API using **Clean Architecture** principles to expose secure endpoints.

Flutter

GetX

.NET 8

Clean Architecture

MVC

## OND Dev Blog (CodePulse)

[GitHub Repo](#)

- Modern blogging platform built with **Angular** and **ASP.NET Core**.
- Features **JWT Authentication**, Markdown-based content creation, and cloud-based image management.

## LMS - Graduation Project

- Full-stack Learning Management System using **Laravel** (Backend) and **React** (Frontend).
- Features Sanctum authentication, Algolia search integration, and custom rate limiting.

# TECHNICAL SKILLS

|                                                                                                                                                              |                                                                                                            |
